DETAILED ACTION

Response to Amendment

1. The amendments filed on 08/20/2009 have been entered and made of record. Claims 1-33 are pending.

Response to Arguments

2. Applicant's arguments filed 08/20/2009 have been fully considered but they are not persuasive.

Applicant states the computer-readable recording medium recited in claims 6, 12, 19 and 25 is fully described in the specification as constituting a hard disk or read only memory or random access memory, and therefore the claims are statutory.

In response the Examiner respectfully disagrees. The claims recite program and the program performs a series of instructions. Instructions are not statutory, and therefore the rejection is maintained. In addition, the specification discloses the program is transferred through radio from download site (see paragraph 0056).

Allowable Subject Matter

3. Claims 1-5, 7-11, 13-18, 20-24, and 26-33 are allowed.

Claim Rejections - 35 USC § 101

4. 35 U.S.C. 101 reads as follows:

Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.

5. Claims 6, 12, 19, and 25 are rejected under 35 U.S.C. 101 because the claims are directed to a recording medium storing nonfunctional descriptive material.

Claims 6, 12, 19, and 25 recites ' a computer readable-recording medium on which a program executed by a computer is recorded, the program comprising ..." wherein the present Application disclosure states, 'the program is transferred by radio from a download site to the computer through an artificial satellite for digital satellite broadcasting or by wire to the computer through a network such as LAN or the internet.... ' The broadcasting satellite or the internet or the wire are the medium that records the program that is readable by a computer and therefore the claims are non-statutory. See MPEP 2106.IV.B.1. See also the above argument.

Conclusion

6. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
